www.bridgestone.lb.com

BRIDGESTONE
Your Journey, Our Passion

POTENZA
Adrenalin RE003
Precision handling. Maximum control.

• In case of a flat tire, on any paved road and at any time (24/7), all you have to do is call the SOS number on the card, and our team will be with you within 30min to:

- i. Replace the punctured tire with your spare tire if available.
- ii. If not, the car will be loaded on a truck and taken to the closest repair shop for free.

• Every 10,000 Km or 1 year, visit the dealer where you purchased your tires and get the crossing of the tires for free. Crossing tires extends their life and prevents irregular wear.

• Visit your dealer once a month and get your tires checked for free. Over-inflated tires will wear quickly and cause uncomfortable driving. Under-inflated tires will create a 13% higher level of fuel consumption and irregular wearing.

• All VIP members will be able to participate in Future promotions and win valuable prizes.
